

Please take a moment to read this important message on

HEARING LOSS DENIAL!

Definition: Having a hearing loss profound enough to effect you or your friends and love ones quality of life, or knowing someone with this condition and doing nothing about it.....**HEARING LOSS DENIAL!**

If you relate to this please continue...

Remedy: Taking the initiative to pick up the phone yourself, or on behave of a friend or loved one that may be in hearing denial, after a couple of fact finding minutes you will have begun to reverse this condition. After that it is up to you how to proceed with the given information.

Hearing loss is brought on by many factors, commonly and sadly, it is mostly attributed to old age, which nobody wants to admit to and is not always the case, hence were the DENIAL problem begins. FACT: loss of hearing is not a sign of age or weakness, not dealing with this easily corrected problem could be. Again how you proceed with the rest of your life is your choice! We think we can make it better for you and the people around you if given the opportunity, but we wont know unless you take the initial step and call.
